

Outlaw Level System

Outlaw Command has issued approval for OUTLAW LEVEL rocker tabs and a new GOLD LEVEL Senior patch. To help determine how these levels are obtained, please refer to the official Outlaw Level chart. The minimum criteria include out of state ops and events called DEPLOYMENTS, in state ops and official trigger days called MISSIONS, special events (e.g., banquets, Race for the Cure, GameStop, work days, etc.) called ASSIGNMENTS, and consecutive YEARS of membership.

THE PROCESS:

To request an Outlaw level rocker or a Senior level patch, submit a completed Outlaw Level Review form to Aaron COPPERAUTIS Howard. The member's documentation will be reviewed by no less than two Command staff members before being submitted to Tim STRYKER Smith for final approval. If requested, it is the member's responsibility to provide their own research to substantiate claims of attendance or participation.

Rockers and patches can be awarded approximately once every six months. Once a member receives his approval and rocker/patch, it is their responsibility to retain their approval record. This record may be submitted with their next request for an Outlaw Level Review. Only supporting evidence for dates beyond the previous approval would be needed, if this record is retained.

NOTE:

Some requirements can be waived by Command, on a case-by-case basis, based on a member's military experience. Any questions or details about replacing requirements based on military experience must be addressed to Tim STRYKER Smith.
